

Linnaeus University

Bachelor & Master Students,
1 semester exchange
2018, January 15 - June 3

Introduction

Linnaeus University is one of Sweden's newest higher education institutions. The university was formed when the University of Kalmar and Växjö University merged in 2010.

Linnaeus University is located in Kalmar and Växjö. Approximately 31,000 students in 150 degree programmes and 2,500 single-subject courses. It covers the humanities, social sciences, natural sciences and engineering, and represents a number of well-established research domains.

Exchange Programs

One year programs and single subject courses in a wide variety of academic and vocational disciplines. Around 500 single-subject courses are given in English.

The learning environment is characterized by an active student life with teaching and research staff in close proximity to students.

- Students coming under university agreements are entitled to apply for courses from all schools/faculties, however, all students must fulfill the specific entry requirements for each course they apply for.
- All students must be admitted to full time studies (30 credits per semester) of campus courses in order to be able to apply for a residence permit for studies (visa). Note that online courses are usually not accepted by the migration agency as part of the credit load needed for approval of residence permit.
- Students are admitted to courses on a first come, first served basis, based on the application date. The possibilities to switch courses after the application is processed are limited and there is no add/drop period after arrival to Linnaeus University.
