1982-1986	**Bachelor of Science**, Department of Materials Science and Engineering, *Cornell University,* Ithaca, NY.

CURRENT RESEARCH WORK AND PROJECTS

- Public finance in a global and historical context
- Study of "Old" and New Institutional Economics
- Law, money, and economic development in the Law and Political Economy (LPE) tradition vis-à-vis the Law and Economics (L&E) one
- Business legal histories especially of central banks
- Legal history of industrialization and central banking
- Methodology of economic policy
- Comparative state formation and tax structures

- Implications of industrial organization theory for the study of business history and industrial policies
- Comparative state-business relations and implications for taxation, social, and labor policies in and outside the OECD

FIELDS OF SPECIALIZATION

Macroeconomics; law and economics; money and banking; comparative international political economy; microeconomics; economic development; history of economic thought; and econometrics

SELECTED COURSES TAUGHT

My courses have focused on the legal foundations of business history and governance; comparative political economy of trade and development, including state formation, industrial policies, taxation policies; labor relations, industrial organization theory and policy; money and finance; macroeconomics; microeconomics; and econometrics. Some of these courses have been taught both at the undergraduate and graduate levels.

WORK EXPERIENCE

June 1998-Aug. 2000 — **Resident Scholar**, *The Jerome Levy Economics Institute of Bard College*. Did research work on macroeconomics, finance, and public policy.

January-June 1998 — **Assistant Economist**, *The New York City Office of the Comptroller.* Analyzed employment, cost and other macroeconomic data of New York City. Investigated cost of living in New York City compared to other major cities in the world. Analyzed evolution of employment trends by industry in the boroughs of New York City.
